EXPERIENCE / INTERNSHIPS

Python Programming Intern Remote | June 2025

National Institute of Electronics and IT (NIELIT), Muzaffarpur (4 Weeks Training)

- Completed comprehensive internship in Python Programming, gaining hands-on experience in Python core fundamentals.

Data Science Using Python Intern Remote | June 2026

National Institute of Electronics and IT (NIELIT), Patna (4 Weeks Training)

- Completed extensive training in Data Science, implementing hands-on experience in Python libraries for data analysis.

CERTIFICATIONS

- Python Training, C Training, C++ Training, Java Training — Spoken Tutorial
- AI For All — NPTEL Swayam (Indian Talent Network)

PROJECTS

Scientific Calculator

Technologies: HTML, CSS, JavaScript

- Built a clean, user-friendly basic calculator web application supporting basic arithmetic and advanced standard operations.
- Designed a responsive user interface layout ensuring compatibility across desktop and mobile devices.

Personal Portfolio Website

Technologies: HTML, CSS, JavaScript

- Developed a professional responsive personal website to highlight custom projects, technical skills, and experience with a modern web design look.

Amazon Clone

Technologies: HTML, CSS, JavaScript

- Recreated the basic interface and layout functionality of the Amazon homepage with a clean responsive web structure.

Google Clone

Technologies: Vite + React, Tailwind CSS

- Built a responsive replica of the Google homepage mimicking the iconic layout styling using modern web frameworks.
